

An alternative Wedding Gift

A wedding is an occasion for joy and celebration, when families and friends come together to mark a very special day. Traditionally couples receive gifts that help them to establish a home together, but sometimes if these needs are already met, they suggest that their guests might like to make donations to a charity instead.

Your special day could help to raise much-needed funds for **Martin House Children's Hospice**. Opening in 1987 with nine children's bedrooms we opened a second house in 2002 known as **Whitby Lodge** to care for teenagers and young adults. Currently these facilities are used to support over 400 families from all over the county.

Martin House and Whitby Lodge offer respite care to families where there is a child suffering from a life-limiting condition. The care team provide medical, practical and emotional support not only to the child, but also to parents and siblings. As well as caring for children in the hospice, members of the care team also support families in their own homes.

Even after a child has died, help is provided in terms of bereavement care for the family members. These services are provided free of charge. With very little statutory funding available, **Martin House** is largely funded by voluntary donations.
