

## General Help & Maintenance

Helping our two maintenance engineers we are fortunate to have a small number of volunteers who regularly come in to help us with tasks such as washing and checking the cars, repairing the children's bikes and toys or changing light bulbs. Some volunteers help maintain the children's computers to keep them safe.

There are always small jobs to be done in the garden and around the grounds.

We also have a team of volunteers who spend their time taking money to the bank, collecting and delivering collection boxes, collecting donated goods and delivering them to the shops.
