

Impact report 2024/2025

martinhouse.org.uk

Since 1987, Martin House Children's Hospice has provided tailored, specialist palliative care and support to children with life-shortening conditions and their families in Yorkshire.

In the last decade the number of children in Yorkshire who have a life-shortening condition has almost trebled to around 20,000 and this number is rising.

Our service in 2024/2025

We cared for over

500

children and young people

We received

221

new referrals

271

hospital night stays were avoided through our care

735

professionals have received specialist paediatric palliative care education from us

The medical and CNS team had

7237

contacts with children and young people needing specialist palliative care

100%

of family members who responded to our feedback requests said that they would recommend us to another family whose child was in need of palliative care.

Sadly, 81 of the children and young people we were caring for died in the year to 30 April 2025.

Consistently over 98% of these children and young people died in their preferred place of death, be it home, hospice or hospital. Many of these deaths away from the hospice are supported by the Martin House Children's Hospice team.
